Doug and Deb-

I wanted you to see the attached compilation of state compliance assurance methods and outcome based measures, collected as part of my work with the ECOS-EPA Compliance Assurance Workgroup. There are many interesting ideas here. I would welcome any feedback you have. Please let me know if you have any questions.

Hello Patrick and Jim –

Attached please find Team 4's submittal regarding performance measures and compliance assurance approaches. Larry and I are grateful for the assistance of Sonia in collecting the information from states, and David, for working with us on the development of what we think is a meaningful path forward to bring this effort to closure by August 2018.

Best,
Suzanne
